

ARCHIVIO DELLA PREFETTURA DI UDINE - CEMENTI ARMATI

Presso l'Archivio di Stato di Udine si conservano le pratiche di denuncia di costruzione di strutture in cemento armato per il rilascio di successiva licenza d'uso presentate alla Prefettura di Udine dal 1969 al 1975.

Il versamento da parte della Prefettura è stato eseguito nel mese di dicembre 2024.

Le pratiche di data anteriore al 1969 non sono mai state versate in quanto distrutte a seguito di un allagamento nei locali del soggetto produttore.

A partire dal 1927 (R.D. 1981 del 04.09.1927) la disciplina delle opere in cemento armato è stata estesa all'ambito privato con la previsione di sorveglianza da parte delle Prefetture. Con il R.D. 2229 del 16.11.1939 si definisce meglio il procedimento con la previsione dei controlli e approvazione dei calcoli statici e del progetto da parte del Genio Civile e della Prefettura.

Nel 1971 (L. 1086/1971) si stabilisce che le opere in conglomerato cementizio e cemento armato debbano essere denunciate dal costruttore all'Ufficio del Genio civile, competente per territorio, prima del loro inizio. Il rilascio della licenza d'uso o di abitabilità vengono rilasciate dal Comune previa presentazione del certificato di collaudo con l'attestazione dell'avvenuto deposito della denuncia di costruzione.

La legge n. 1086 del 5 novembre 1971 entrata in vigore il 21 dicembre 1971, stabilì lo spostamento di competenza dalla Prefettura al Genio civile assorbito dalla Direzione opere pubbliche della Regione in seguito al decreto del Presidente della Repubblica n. 8 del 15 gennaio 1972 ma a partire dal 1972 le pratiche curate dalla Prefettura di Udine non sono cessate del tutto; sono andate calando fino al 1975 in quanto l'art. 19 della L. 1086/1971 prevedeva che lo spostamento di competenza al Genio Civile non si applicasse né alle opere in conglomerato armato normale in corso alla data di entrata in vigore della legge e per le quali fosse già stata presentata denuncia alla Prefettura né alle opere in conglomerato armato precompresso ed a struttura metallica che alla data di entrata in vigore della presente legge risultassero già iniziate.

Dal 1985 la competenza è passata alla Regione.
